

Minutes of Neighbourhood Plan Working Group Meeting 11th February 2022

Present: Bill Hewlett, Penny Greenland, Nick Pavitt, Fran Flower, Ian Flower, Jenny Morris.

Apologies: Holly Harris.

1. Revised text

Nick will read through the revised text and also the draft Glossary which Bill has done. Jenny will send the amended text to Penny.

2. Maps

Policies Map and Landscape Sensitivities Map: We agreed that the base maps needs to be crisper; also the Settlement Boundary needs updating.

We also need to sort out whether we are using the term 'Key Views' or 'Important Views'.

Jenny will email Lucy and Tanya.

Jenny will send the amended maps to Penny and she will see if she can make them clearer.

3. Strategic Environmental Assessment

We are waiting to hear back from Paul Bryant who is checking with the consultants who carried out the screening as to whether they are sure that we need a full assessment.

4. Consultation Statement

We need to have three sections to the formal Consultation Statement: how we carried out consultations; what the formal consultees responses were and how we responded; a summary of the village responses. We can then have a fuller account of the consultation on the website, in order to feed back to people that we have heard their views.

Jenny will finish typing up the village feedback forms and send to Penny.

5. Date of next meeting

Friday 25th February, 4pm, on zoom.
